

# Yankton County 4-H News

SEPTEMBER 2017

*Hello, my name is Katie Freng, and I am the new 4-H Program assistant. I grew up on a farm northeast of Yankton and it was there that I found my passion for 4-H and agriculture. I have been involved with Yankton County 4-H since I was eight years old. While I was involved I participated in many different things; from anything to do with livestock, to baking and special foods, craft projects, fashion revue, being an active member of Junior Leaders. When I graduated from being a member, I became a volunteer to help out when I could, while attended college at SDSU. I graduated from SDSU this past December with a Bachelor's Degree in Animal Science and a minor in Ag Business. I am so grateful for everything SDSU taught me. I am very excited to be here and I look forward to working with all of the 4-Hers and their families.*

RECORD BOOKS ARE DUE INTO THE EXTENSION OFFICE BY OCTOBER 2ND

# 2017 National 4-H Volunteer e-Forum

You're invited to the 2017 National 4-H Volunteer e-Forum. Join us and get energized as you network with volunteers, county-based staff, and state specialists from across the country!

**Sessions will be at the 8 regional centers & Brookings and include:**

*October 5, 2017 – 6:00-7:30 PM (CT)*

**Cultivating an Environment for Growing True Leaders**

Creating an environment where 4-H members feel safe as they grow and develop leadership skills means having volunteers who understand the basics of positive youth development. This session will feature ideas and activities that help foster life skill development by focusing on strategies for more effective club interactions. Participants will learn about the Essential Elements of 4-H and the 5 C's of positive youth development, so join us to set the stage for more successful club meetings!

*November 2, 2017 – 6:00-7:30 PM (CT)*

**“STEM”ming into Animal Science, Growing True Leaders**

Build on the roots of 4-H as we STEM our way into agriculture and animal science for experienced and new 4-H'ers. Gain resources to incorporate Science, Technology, Engineering, and Math (STEM) leaders through traditional animal sciences project areas in communities. Volunteers will gain ideas for planning and organizing fun, educational sessions for youth.

*December 7, 2017 – 6:00-7:30 PM (CT)*

**Helping 4-H'ers Grow in Life & Work**

In 4-H, all youth can explore their future. Club meetings, events, camps, and after-school programs are places to develop life skills and expand their interests through 4-H. During this session volunteers will share ideas, receive resources, and see a variety of successful programs that help youth focus on life-long learning, workforce readiness, and career exploration. Caring adults can help all young people make decisions and create their own positive future.

Location: Yankton Community Library  
Address: 515 Walnut Street, Yankton  
Contact: Amanda Raiche, Youth Services Librarian  
Library Phone Number: (605) 668-5276

The Yankton Community Library Science Club program will be open to Kindergartners through fifth graders. The program will take place the third Thursday of the month from September through April from 3:30 p.m. to 4:30 p.m. There is no cost for this program and registration is not necessary.
