CHANGES FROM THE 2020 STATE FAIR BOOK

- For the 2021 SD State Fair, there will be an August 10 th registration deadline for all entries (Dog Show, Livestock, Youth-in-Action, and Display Exhibits).
- 4-H members are allowed to exhibit 12 exhibits total between Animal Exhibits, Display Exhibits, and Youth-In-Action at the South Dakota State Fair. 4-H members are allowed to exhibit up to 4 Display Exhibits, 4 exhibits per each animal species, and 4 exhibits per each Youth-In-Action Event. In categories with smaller exhibit limits, the smaller limit is listed in that category's guidelines and will take precedence.
- Last Minute Updates: We are making every effort to offer an in-person State Fair 4-H Division; however, much of the COVID-19 era remains beyond our control. As a result, event updates, event schedules, and safety standards could adjust anytime with little advance notice. Using the email you provide during Fair Entry registration, please check regularly for updates.

Exhibit Qualification Policy

- Youth gain important skills by participating in multiple judging experiences. Additionally, county achievement days strengthen community as 4-H supporters value seeing the wonderful projects completed by 4-H youth. As a result, exhibition at the county level is strongly encouraged if the county offers a judging experience for the project area. In categories where local qualification determines State Fair eligibility (e.g., Mastery Showcase), county level participation is required.
- Using the feedback provided during the county judging experience, youth may fix/improve/strengthen their projects prior to exhibiting at State Fair.
- Exhibits may not be exhibited multiple years at State Fair, unless modifications have been made to the project.
- Each Animal Exhibit, Display Exhibit, and Youth-In-Action (including Showmanship) must be entered using Fair Entry.
- Health Regulations for animals have been updated. Please see the Health Regulations section for updates.
- A YIA Mastery Showcase has been added. The rules and regulations are found on page 54-55.
- Virtual options will be available for youth in Communications Project, Consumer Decision Making Skill-A-Thon, Fashion Revue, and Horticulture Skill-A-Thon.

Exhibitors who choose to utilize a cage will need to keep their rabbits caged in the 4-H and Open Class Rabbit Barn until their county's livestock checkout time on Monday, September 6th, of the SD State Fair. Those not choosing to use a cage for a 4-H rabbit entry and without a rabbit entry in Open Class may take their rabbit(s) with them after showing in the SD 4-H Rabbit Show on Thursday.

3D Printing Academy Registration Open

SD 4-H in partnership with Indiana 4-H will be hosting a virtual [3D Printing Academy](#) beginning June 7th and wrapping up June 25th for 13-18 year old youth. The Academy will combine Engineering, Coding, and Art to build a foundation for 3D printing. The Academy will be held virtually through the SDSU Training House and will consist of a combination of live and on demand lessons that will walk youth through the basics of designing 3D models. During the last week of the Academy, youth will design their own 3D object that they can print at home or have printed by the state STEM Field Specialist. There is no cost to the Academy; however, if youth desire to have their final 3D projects printed, they will be charged based on size and shipping. There are limited spots available. Registration is now open until May 14, 2021 and is available at the [Virtual 3-D Printing Academy](#) link. Watch for updates on the Extension website and SD 4-H social media. Questions can be directed to Christine Wood at Christine.Wood@sdstate.edu.

Save the Date: 4-H Project Judge Training

Mark your calendars, there are two judges training planned for mid-summer. As you begin to recruit and secure project judges for county fairs and achievement days, it may be helpful to have them save the date as well. The training will not be project specific, but will cover a more general overview. More information to come on registration and access. All will be held via Zoom conferencing and recorded for future viewing.

Listen, Learn, Lead. project continues for 2021

South Dakota 4-H member Danika Gordon wants to help youth across South Dakota gain leadership and communication skills. How is she doing that? Gordon has established a website titled Listen, Learn, Lead. – or L3 for short – where youth can watch TED Talks with messages focused on growing their personal skills.

For the past three years, Gordon has selected four TED Talks to feature on her website. Each talk focuses on a leadership topic – from building confidence to becoming more optimistic toward challenges. She has recently selected the four TED Talks to be highlighted for 2021 on the L3 site and encourages youth to take the time to watch the brief video lectures. None are longer than 18 minutes.

Gordon says this year's talks offer viewpoints on managing free time, finding happiness, overcoming fear and taking care of emotional health.

Find the TED Talks highlighted for 2021 at: <https://listenlearnlead4h.weebly.com/>. The talks from 2019 and 2020 are also archived on the site.

Gordon suggests youth might gather to watch the TED Talks during a 4-H club, 4-H junior leaders or simply during free time or as a family. She says the project was designed to be similar to a book club. After watching the TED Talk, short discussion questions are listed on the website for youth to reflect on or to prompt conversations with others about what they learned from the presentation.

Gordon is an eleven-year Lawrence County 4-H member and a graduate of Sturgis-Brown High School. She is a former State 4-H Ambassador and is currently a freshman at South Dakota State University.

The South Dakota 4-H Calendar Theme for 2022 has been updated from what was previously published in the 2020 SDSU Extension 4-H State Fair Book. The new theme for the 2022 South Dakota 4-H Calendar will be "Together We're United". The theme is related to what youth take part in during their 4-H year. Examples may include, but are not limited to, meetings, community service, projects, livestock, Summer Adventures Series, etc. The options are endless and we look forward to seeing all of the photos submitted. The photos that will be selected for the 2022 South Dakota 4-H Calendar must be entered in the 2021 South Dakota State Fair under the South Dakota Calendar Theme Lot in Photography.
